Our mission remains as always, to give our customers the best service. We consider it our obligation to offer our customers the best products that are available for the industry. We import the best equipment and always search for new items that will improve the efficiency and productivity of your business.

Our machines are "sewn off", tested before we ship them to you.

We gladly answer your questions about irons and boilers and the service you can expect from this equipment from our in-house repair service.

Our prices are as low as possible. We offer you "Specials" at extra low prices whenever we can. Watch for our seasonal "Supersavers".

We are a family business and have enjoyed working for this industry for over sixty years and are looking forward to many more. We value our relationships with our customers and we welcome your phone calls with questions and inquiries and are always happy to share our knowledge with you.

Our inside sales staff here in Charlotte is familiar with every item in our catalog and many more that could not be included. They will suggest the appropriate product for you and acquaint you with ongoing sales and save you money every time you place an order with us. We value the personal contact with our customers.

You will benefit from our traveling sales force in many parts of the country. They will share many of years of accumulated knowledge and experience with you. They will show you our newest products and bring a full sample line into your shop.

Our mechanic is knowledgeable on the varied sewing machines and pressing equipment we sell as well as the parts your repairs might require. He is a great asset to our business and for many years has answered your frequent questions to your satisfaction.

Here you have the names of the B & G LIEBERMAN team.
We are grateful for their many years of service and loyalty.

Dear Customer,

We want to thank you and tell you how much we have appreciated your patronage for so many years. You are, and always will be, our most important asset.

We want to assure you that your purchases from B & G Lieberman Co., will be handled promptly and courteously. We guarantee your satisfaction always and that your transactions with us will be pleasant.

If this is your first order with us, we ask you to please have your credit card ready when you call. May we suggest that you prepare a "want list" so we can serve you more efficiently when you call our order department.

Call us:	**1.800.438.0346**
Monday through Friday from 8:30 am to 5:00 pm EST	
Fax us:	**1.800.248.2696**
Email us:	**bgl@bglieberman.com**
Visit our website:	**www.bglieberman.com**

Our catalog as well as our product literature can be viewed on our website. You will find that our prices are always competitive.

Your CUSTOMER NUMBER is your ACCOUNT NUMBER. Please have it ready when placing your order. Our minimum order is $50.00 or a service charge of $5.00 applies.

Terms of Payment:

* To set up a charge account (Net 30), please ask for a credit information form.
* We honor VISA, MASTERCARD, DISCOVER, and AMERICAN EXPRESS. This is the quickest way for our new customers to avail themselves of their good credit to get their first order processed.

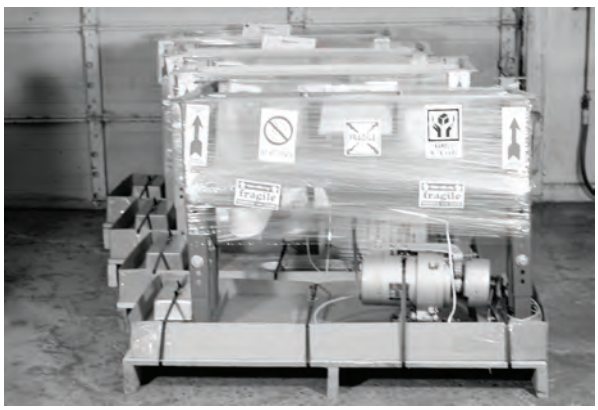
To Return Merchandise Please Note:

* Merchandise has to be returned within 30 days.
* Merchandise has to be in resalable condition.
* A restocking charge may apply.

Shipping:

Unless otherwise requested, all supply orders are sent UPS or Fedex. New economical 3-day air service is available to our West Coast customers. Machinery over 70 lbs. will be shipped at the lowest price possible by common carrier. F.O.B. Charlotte or Factory. B & G Lieberman receives preferential rates and passes these on to our customers.

We have decades of experience shipping machines and we have found that our special packing of sewing machine stands and heads ensures safe and undamaged delivery. However, in the unlikely event of damage be sure to note on the trucking bill of lading any damaged parts or cartons.



STRAIGHT, ZIGZAG, WALKING FOOT & LOCKSTITCH MACHINES

The JUKI DDL-9000B is a single needle stitch machine with an automatic thread trimmer and automatic foot lift. This unit is direct drive, which means it is powered by an internal servo motor connected directly to the main shaft. It is perfect for sewing light to medium weight fabrics. It is engineered for reduced vibration and noise. It has the capability to program functions such as number of stitches and backtacking on the included CP-18 panel. This unit is perfect for increased productivity, allowing the user to get more done in a shorter amount of time. The internal AC servo motor is also very quiet.

INTRODUCING OUR NEW

LIEBERSEW™

Hand-Crank
OR
Electric
Complete

$1,399.00

Our new LIEBERSEW 1377 cross-stitch and parallel stitch BUTTONSEWER is the best machine we have ever sold.
We have decided to no longer offer the basic parallel stitch model.
You can match the factory stitch of the button now with a flick of the lever.
And we set it up to sew from a 14L to a 30L with no adjustment needed.
The LIEBERSEW 1377 can be purchased as a handcrank or electric model and the price is the same:
$1,399.00 for the complete or $1,199.00 for the head only.

Every machine is sewn off and warranted for a year.

LIEBERSEW™ BLINDSTITCH MACHINES, REBUILT MACHINES

We fine tune and sew off each machine for your specified application to assure perfect sewing upon its arrival at your door.
Our stand and motor is shipped on a skid of our own design to ensure that it arrives undamaged.
All Blindstitch machines come with deluxe "K" legs, Formica tops, deluxe sewlights and self-contained clutch motors. For details, including information on machines not shown here, please ask our representative or write for descriptive literature.

LIEBERSEW™ CM-101

High Quality Blindstitch, based on Lewis 150 design, w/skip stitch, excellent on light to medium fabrics. Easy adjustment of stitch length, tension and depth. Includes full size swing arm.

Complete **$995.00** Head Only **$745.00**
Needle 29x49

U.S. STITCHLINE SL 718-2

Built to the same specs as original U.S. Blindstitch machine, for slacks, trousers, skirts, dresses, coats, draperies, curtains, blankets and bedspreads. With 2-to 1 or 1-to-1 stitch ratio. Perfect for department stores, tailors and dry cleaners. Top of the line.

Complete with stand and motor **$1,595.00**
Needle size: 251 LG Head Only **$1,350.00**

COVERSTITCH MACHINE COVER PRO-PORTABLE

- Chain Stitch
- 3mm Coverstitch
- 6mm Double Needle Coverstitch
- 6mm Triple Needle Coverstitch

$769.00

Every tailor shop needs one to sew knits & sportswear

LIEBERSEW™ CM-500 *PORTABLE BLINDSTITCH*

It sews fine and medium weight fabrics. The skip stitch feature works well for extra fine fabrics.

- Swing away bedplate supports garment.
- Side mounted thread tensions.
- Skip stitch feature for 1-1 and 2-1 stitching.
- Stitch length 3-7 mil.
  1,200 max. stitches per minute.
- Ideal for Department Stores, Alteration rooms, Tailors, Dry Cleaners, Dress Makers, Clothing rentals or Home Use. **$299.00**

Needle Size 29 x 49

An excellent value compared to other machines at double the price.

LIEBERSEW™ ZJW-122 COVERSTITCH

MAGIC SLEEVER

How to use MAGIC SLEEVER.

Please read carefully before using the MAGIC SLEEVER.

1. Make sure you look at the picture carefully.
2. Make sure you are holding the right side up (narrow side is for you to hold on to and wide side should be facing up).
3. When you put a MAGIC SLEEVER into the jacket's sleeve make sure about 1/3 of sponge is showing from edge of the sleeve.

Quality Systems for Textile Heat Sealing, Decorating and Mending

Digital PopUpPress® & EZPress® apply labels & patches in 7 seconds!

Digital PopUpPress™
PUP-DIG-15 with 3"x5" platen

- **Apply barcode & text labels from all manufactures**
  TrackIt™, EzLabels™, Computype labels & Thermapatch labels.
- **Reliable computerized time & temperature control**
  The digital computer is calibrated to within 1° accuracy and will hold platen temperature to with 2º of your pre-set value.
- **Operator error alert**
  The digital computer will alert the operator if he/she applies a label when the platen is too hot or too cold or if he/she lifts the handle before the pre-set application time has elapsed.
- **Encrypted setup prevents operator tampering**
  The time and temperature setup and calibration can be changed only by a technician who knows the encrypted access code.
- **Automatic fabric thickness adjustment**
  Lower Platen automatically adjusts for thick and thin garments.
  Label a silk blouse, then a winter coat with no adjustments.
- **Prices**

	part number	price
EzPress®, 115V with 15" (3"x5") platen	**EZP-DIG15-115**	**$895.00**
PopUpPress®, 115V with 15" (3"x5") platen	**PUP-DIG-5-115**	**$1,295.00**

The **Digital PopUp Press®** is automatic; handle and heated platen will pop up when the application cycle is complete.

The **EZPress®** is a manual press; a buzzer will sound when the application cycle is complete and the operator must lift the handle to open the heated platen.

The **Digital EzPress® & PopUp Press®** are simple and easy to operate. The time, temperature and pressure are automatically controlled. The handle is very easy to operate even though the platen has 150 pounds of pressure. The heated plate is Teflon coated to prevent glue accumulation. The spring-loaded lower platen will accommodate thick and thin garments without re-adjusting the platen. The heated platen opens wide to provide a clear work area on the lower platen.

The **digital computer** monitors the operation of the press and alerts the operator of a pending problem such as platen tempera ture too hot or too cold. The computer also monitors common operator errors and alerts the operator to prevent an improperly applied label. These operator errors include: Long Cycle: the operator failed to lift the handle when the cycle was complete, Short Cycle: the operator lifted the handle before the application cycle was complete, and Cold Cycle: the operator applied a label before the platen heated to the pre-set temperature.

-Print Permanent Clothing Labels

Portable notebook sized label printer
Runs on batteries or AC power.

Label all laundry and dry cleaning

WOOLLY NYLON THREAD TEX 23

Serging and Coverstitching. 94 yds.

Woolly Nylon is a 100% cylon, heat set thread of incredible strength, stretch and memory, and full enough in its relaxed position to provide ideal coverge for seams and rolled edges. Woolly Nylon gives you elasticity and ravel-free finishing that's impossible with other threads.

PROFESSIONAL IRONS FOR EVERY PURPOSE
B&G LIEBERMAN EXCLUSIVE IMPORT

DL520

GOLD EAGLE GRAVITY FEED IRON

$99.00

- U/L certified power cord
- U/L certified thermal cut-off fuse

GRAVITY FEED IRONS

All gravity feed irons come with their own water tanks. In order to use tapwater you will add resin to demineralize it. The built-in filter prevents the resin from clogging the hose and iron.

These irons are designed with a heat canopy to keep your hands comfortable. Steam will be produced in just three minutes. Resign and iron rest plate are included.

ST533

PELICAN ELECTRIC STEAM IRON

$129.00

MN-777 STEAM IRON with THERMOSTAT
Bottle Included **$99.00**

New "**BLACK HAWK**" Steam Iron with larger steam chamber and special NO CLOG design, with easy cleaning if necessary.

DUE EFFE S.p.A.

QUALITY IRONS
MADE IN ITALY

DRY IRON with Water Sprayer with smooth large base for shirt touch ups, 110v, from Italy. **$195.00**

ACA-1000 (3500) from Italy
Same iron CISSEL sold before they closed. 3lbs. durable quality, 110v,
1 for **$149.00** **2** for **$139.00 ea**

SVP-24 and MVP-35B mini boiler complete with professional iron. Ideal for tailors, alteration rooms, drop-off stores, valet service, tuxedo & bridal shops.

HI-STEAM

SVP-24 **$385.00**

- Heats up in minutes
- Produces 40 PSI steam pressure.
- Uses ordinary tapwater.
- Patented copper chamber w/external heating element Eliminates major cause of burnout.
- Safeyy valve with interlock to prevent opening under pressure.
- Has steam pressure gauge.
- MVP-35B has gauge glass to check water, 6 hours of steam on one fill.
- SVP-24 lasts 4 hours on one fill.

REPLACEMENT IRON ONLY $135.00

MVP - 35B

$475.00

MVP - 35 AUTO

$1,095.00 *Boiler With Pump*

Features:

Mini boiler with professional iron

Automatic pump water feed for pressing non-stop all day

No plumbing connection required

Uses ordinary tap water

Little maintenance needed

Patented copper pressure vessel with external heating element eliminates major cause of element burn-out

Optional steam spotting gun

Perfect for busy pressing stations needing non-stop steam supply -- Busy dry cleaners, drop-off stores, tailors, alteration rooms, laundromats, sample rooms, bridal salons, tuxedo rentals, clothing stores, etc.

	Italy
	Limited 1 year

i800

The i800 provides continuous steam for an unlimited amount of time when it's hooked up to a direct water line or with the available 2 gallon water container. There's no more down time waiting for the boiler to re-pressurize. The i800 is the perfect choice for environments that require large volumes of uninterrupted steam.

The i800 excels at producing quality, dry, pressurized steam. Pressurized steam is the fastest and most efficient way of ironing. It allows the fibers of the fabric to be softened quicker, with the weight and heat of the iron laying the fibers down flat. This creates the crisp and clean finish demanded by professionals.

120V
1.3 US gallons – 5 L – Unlimited

RiCOMA® STEAM PRESS

The PSP-990C steam press is one of the most electronically advanced units in its class. Professionally built, it has a computer controlled system providing the most accurate settings and safety features. The outstanding design allows the unit to be operated with one hand and dramatically reduces the ironing time by up to 50%. It leaves your fabric looking like it has just arrived from your local dry cleaner.

- Ergonomic handle for easy operation
- 34" x 11" pressure surface
- 10 times larger pressing surface than regular iron
- Maximum temperature 330°F
- Safety alarm and auto shut-off
- Powerful bursts of steam
- Water tank 450 ml
- Childproof safety lock
- Woven press cover with pad
- Accessory kit - pressing cushion, spray and water bottle

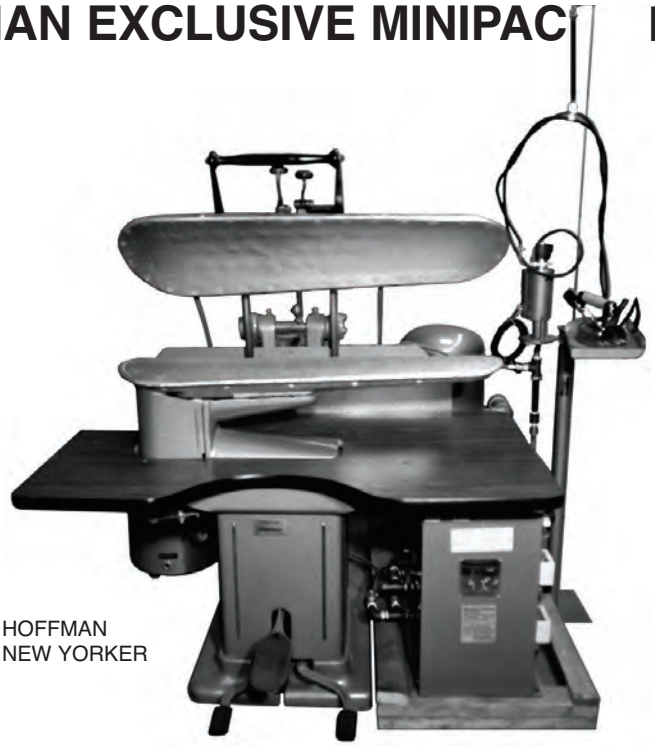
SHELDON BOILER AND ELECTRIC STEAM IRON

The Sheldon 2 gallon boiler with 5½ pound steam iron has been the standard in the industry for over 30 years. Quality made right here in Canada, the Sheldon boiler and iron provides continuous dry steam. Most trouble free boiler we found. No soleniod needed. Iron can be used with direct steam. Uses 2100 watts & 120v for complete unit.

BOILER **$975.00**
with 5½ lb. Iron **$1,295.00**

STEAM EQUIPMENT
B & G LIEBERMAN EXCLUSIVE MINIPAC PRESSING SYSTEMS

This self-contained no vent, pre-piped system includes: Press (new or rebuilt) Vacuum (we recommend a minimum RP-2 placed right behind press for best suction), a hand iron and an electric 18 KW boiler which fits under the press table. Also includes pre-piped blowdown and baffle tank for proper and safe boiler blowdown with no vent to atmosphere. Installer only needs to pipe from blowdown and vacuum to floor drain and bring water and power to boiler.

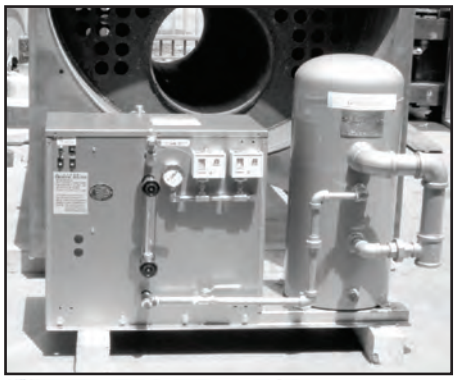


HOFFMAN NEW YORKER

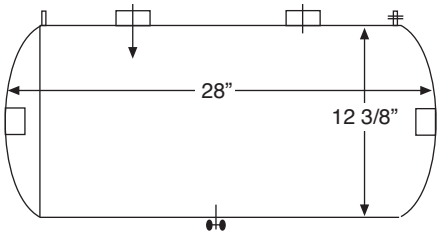
For truly professional pressing the good old "HOFFMAN" is still the king.

We stock **"NEW YORKER" & HOFFMAN** pressing machine parts.

SIDE VIEW OF MINIPAC



BAFFLE TANK



Ingenious device captures steam & air from return, blow down & vacuum and eliminates venting through roof.

BLOW DOWN SEPARATOR

Durable ASME CODE

Steam boiler blow down separators safely reduce steam pressure for external venting. Water is drained through the bottom threaded coupling. Stream is safely vented out the top to the atmosphere.

Reimers® ELECTRA STEAM, INC.

JUNIOR/ATLAS STEAM GENERATORS

Reimers Jr. Boiler, 120v

Hand filled unit can be purchased with Solenoid Steam Controller and iron or Boiler only.
Quality, USA-made.

GARMENT BAGGING, RACKS

NEW AUTOBAGGER SNC-0H70S

New improved Autobagger with telescoping stabilizer for the carriage and tractor belt for cables. 110v, 80psi. Installs on your overhead slick rail. Works well with Assisted Assembly Systems and Auto Assembly Systems. Saves floor space.

Simply put hangered garments on hook. Machine can be set for autostart or manual start. Save labor and poly. No waste!

Automatically measures proper bag length. Up to 54". For longer bags pull down manually.

$5,995.00

MANUAL HEAT SEAL BAGGER
SNC-63WS

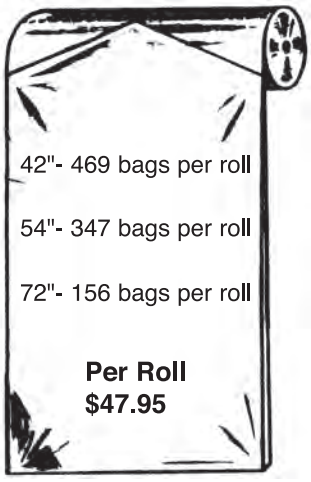
This Bagger requires only 1 roll of non-perforated poly for perfect bagging instead of various lengths. Just pull down enough to cover garment and press buttons to heat and seal. This Bagger eliminates the bagging jack pole that so often breaks.

200 garments per hour
2 year parts warranty
No air, only electricity 110V

Timer adjusts to most plastics. (PP, PE, etc.)

$2,995.00

POLY ROLL
Clear, Perforated
0006 Gauge, 1563ft
21" wide, 9" gusset



ONE ROLL BAGGER K 31

Base made of 1" square tubing - holds 1 roll of poly on ball bearing mounted platform for ease of turning. Bagging jack adjusts from 39" to 68". Floor space required 13" x 18"

$69.95

BAGGING JACK K 32

Vertical jack adjusts from 39" to 68". Heavyweight base is 12" diameter

$74.95

Replacement Jack only

HOW IT ALL BEGAN THE STORY OF JERRY LIEBERMAN "THE BUTTON MAN"

Jerry Lieberman was eighteen when he served in world War II in France and Germany. He was an interrogator of captured German war prisoners. He was trained in Camp Ritchie Maryland, with other German speaking refugees. They were called Ritchie Boys for short.

After the war Jerry Lieberman held a job while studying business at night at NYU. In 1949 his father suddenly died of a heart attack. Jerry now had to support his mother Bella. His father left a small stock of buttons, which Jerry took and sold out of his Army surpolus car.

He did well on the road and saw a future for himself and his mother. It was 1949 when he started B&G (Bella & Gerald) Lieberman Co. Then a refugee and friend of Jerry's, Walter Marx and his wife Lee entered the business and the rest is history.

MORE ABOUT US

We are proud to be an asset to our industry. Our attention to service and care of our customers and relationships with our suppliers has been very evident in the great outpouring of memories and condolences after the death of Jerry Lieberman on Thanksgiving 2011.

TESTIMONIALS

We would like to share some testimonies that have been sent to us:

An email from a new telephone customer:
"I'd like to take the opportunity to thank you for the wonderful customer service that I received today from the gentleman in the parts department. Very helpful, polite, and curtious. Like a breath of fresh air." – Catherine Burns.

"Larry Lieberman has always provided prompt service for our needs at Best Cleaners, Mpl, St. Paul. A great company to do business with."

– Don L. Gray, Sr.

"A great bunch of people that are always helpful, polite and a joy to talk to." – Adele Rossow Helleksen

"These are really good people." – Jim Smith

"My relationship with B&G Lieberman is a interesting one. It spans over twenty years and has evolved from a client/supplier relationship to a genuine friendship. Early on we had our share of misunderstandings and Jerry Lieberman, being the benevolent person he was, always managed to resolve any conflict tactfully. He was a class act and a wonderful person, qualities that are mirrored in Larry. These qualities transcend throughout the company and to this day I have a great relationship with Larry and everyone at B&G Lieberman. They have been my primary supplier of buttons and all sewing notions, equipment and myriad other supplies. I look forward to continuing a valuable relationship with B&G Lieberman in the future."

Sent from my ipad –Cooki Patel, 2011 Cleaners

**** SOME OF OUR EXCLUSIVE PRODUCTS ****

COLD SPOTTING ADD-ON CONVERSION KIT

Use compressed air to prespot or post-spot any stain.
Post-spot without leaving a ring.
Fits most spotting boards.

COLD KIT installed on CISSELL Spotting Board
