FEATURES

- i30 iron with 7' steam hose set
- 4 safety systems
- Pressure gauge
- Silicone iron rest
- Water level indicator window
- 30-40 minute heat up time
- Rated for unlimited hours of use per day

PROFESSIONAL IRON STATION

The i700 is the largest in our line-up of professional steam iron stations. It has become the industry standard for those seeking a high quality, large size ironing station. The i700 establishes a new benchmark for features, ease of use, and quality of components.

IT'S ALL ABOUT THE STEAM

The i700 excels at producing quality, dry, pressurized steam. Pressurized steam is the fastest and most efficient way of ironing. It allows the fibers of the fabric to be softened quicker, with the weight and heat of the iron laying the fibers down flat. This creates the crisp and clean finish demanded by professionals.

Smart. Professional. Reliable. Since 1955.
